

Nelis' Cheery Daffodil Garden

(Narcissus)

"Best Buys" at Half Price and Less

We expect to harvest an exceptional crop of Daffodils, and offer to our established customers the following: Priced in collection at left.

BEERSHEBA. All white trumpet of magnificent proportions.

CHEERFULNESS. Creamy white "Gardenia Daffodil", bunch-flowering.

GEN. MacARTHUR. Largest yellow trumpet.

GERANIUM. Bunch-flowering pure white, small red center.

INSULINDE. Double, cream-yellow, interspersed with orange-red.

LUNA. Fragrant Jonquil, producing 2 and 3 lemon-yellow blooms on each stem.

MARY HOLLIS. Cream perianth, frilled orange cup.

MOZART. Nicely shaped perianth of cream-yellow, scarlet disc-like cup.

SELMA LAGERLOF. Pure white, large flat cup edged orange. Prolific bloomer.

YELLOW CHEERFULNESS. All golden yellow double cluster flowering.

Allium Giganteum

Spectacular New Giant ALLIUM!

Huge globular flowers make a splash of bloom in your garden. They created a sensation in our display field, almost too perfect to be real! If you are looking for something new and different, this is it. It would seem you couldn't top their perfection when seen in the garden, but when you cut the huge purple powder-puffs and arrange them for an indoor bouquet, you will be pleasantly surprised. For these fragile-appearing downy-soft florets which make

up the massive bloom, have unusual enduring qualities besides, they last and last, gradually losing their vivid coloring and turning to a luminous silvery-gray. They may even be dried for winter bouquets! We list the two varieties which we think are outstanding:

	Each	Per 3
Allium Aflatunense. Blooms in May, on stems about 2 feet tall.	\$0.75	\$2.00
Allium Giganteum. Blooms in July, about 3 to 4 feet tall.	2.25	6.25
